

CZ to supply pistols to the German Army

Prague (December 19, 2025) — Colt CZ Group SE (“Colt CZ”, the “Group” or the “Company”) hereby announces that Česká zbrojovka a.s. (“CZ”) has achieved one of the most significant milestones in its history. The German Army (Bundeswehr) has selected a CZ pistol as its new standard sidearm.

“We are honored that the German Bundeswehr has chosen CZ as its partner. Our success in this rearmament tender is one of the most significant achievements in CZ’s modern history. It clearly confirms the outstanding reputation our firearms have earned through active deployment in real combat conditions. We look forward to a long-term cooperation with the Bundeswehr and to fulfilling all its requirements in line with the contract,” said **Jan Zajíc, CEO and Chairman of the Board of CZ.**

CZ was awarded this contract following an open international tender, prevailing over several global competitors. The pistols designated as P13 for the Bundeswehr are based on the CZ P-10 C OR (Optics-Ready) model, featuring a Flat Dark Earth (FDE) finish. It is a modern striker-fired service pistol designed for professional use, renowned for its reliability, durability, and intuitive handling. It features excellent ergonomics, high magazine capacity, and precise construction, making it a preferred choice among military and law enforcement customers in many countries.

CZ will work closely with its authorized partner in Germany, POL-TEC GmbH & Co., to fulfil the contract and provide comprehensive support to the Bundeswehr.
